BULKELEY  
HIGH

Moving Forward

Looking Back

A decorative border of black footprints runs vertically down both the left and right sides of the page. The footprints are arranged in a slightly irregular, wavy line, with each footprint consisting of a small circle for the heel and two larger circles for the toes.

# Moving Forward...

As we come to the end of our high school years we are increasingly aware of the various memories we have built at Bulkeley High School. Walking the halls, laughing with friends, and cheering at athletic events, are times that will be forever cherished. Although we had our ups and downs, triumphs and disappointments, we are able to look ahead, confident in our abilities as students, leaders, and friends. As we move forward - to college, the armed forces, or the work place - making our footprints around the world, we will forever look back on the the footprints we left behind.

Enjoy

Mr. Stringer served as our principal for most of our four years at Bulkeley. Although Mr. Stringer was transferred to Weaver in the fall of our Senior year, he played an important role in making our years at Bulkeley productive and successful. We'd like to thank Mr. Stringer for his hard work, dedication, and enthusiasm for the students at Bulkeley High School — especially at athletic events!  
You'll always be a Bulldog!

**Common Ground**

We salute former principal Paul Stringer,  
Common Ground alumni and the outstanding students of  
Class of 2000.

Best wishes as you continue your leadership journeys.

## Rafael Lopez — Principal

During the past four years, I have watched your class develop and become more united with the Bulkeley family. As the year has progressed, I directly recall that each one of you has contributed to the school spirit and the overall school. As you close this chapter in your lives and move on to another chapter, I wish you total success. May your futures continue to reflect the fine young men and women you have become. Best wishes to each one of you and thank you for letting me serve as your principal. It was an honor.

## IF

If you can keep your head when all about you  
Are losing theirs and blaming it on you;  
If you can trust yourself when all men doubt you,  
But make allowance for their doubting too;  
If you can wait and not be tired by waiting,  
Or, being lied about, don't deal in lies,  
Or, being hated, don't give way to hating,  
And yet don't look too good, not talk to wise;

If you can dream – and not make dreams your master;  
If you can think – and not make thoughts your aim;  
If you can meet with triumph and disaster  
And treat those two impostors just the same;  
If you can bear to hear the truth you've spoken  
Twisted by knaves to make a trap for fools.  
Or watch the things you gave your life to broken,  
And stoop and build 'em up with wornout tools;

If you can make one heap of all your winnings  
And risk it on one turn of pitch- and – toss,  
And lose, and start again at your beginnings  
And never breathe a word about your loss;  
If you can force all your heart and nerve and sinew  
To serve your turn long after they are gone,  
And so hold on when there is nothing in you  
Except the Will which says to them: "Hold On"

If you can talk with crowds and keep your virtue,  
Or walk with kings – nor lose the common touch;  
If neither foes nor loving friends can hurt you;  
If all men count with you but none too much;  
If you can fill the unforgiving minute  
With sixty seconds' worth of distance run –  
Yours is the Earth and everything that's in it,  
And – which is more – you'll be a Man, my son!

# DISCOVERY • MILLENNIUM • GOODBYE • WEATHER

The year 2000 was greeted with celebrations across the globe, including a fantastic fireworks display at the Eiffel Tower and religious ceremonies in Jerusalem. Looking back on 1999, we see a year filled with hope for the future, but also a year plagued by war and natural disaster. The conflict in Serbia kept the world on the edge of its seat, while earthquakes, tornadoes and winter storms focused our attention on international relief efforts. In 1999-2000, we also said goodbye to some of the world's most beloved celebrities including John F. Kennedy Jr., Walter Payton and Charles Schulz.

## WEATHER

The century came to a close with an upsurge of natural disasters. Hurricane Floyd caused \$4.2 billion worth of damage on the East Coast while snowstorms crippled regions of the Northeast and Midwest. Internationally, earthquakes killed thousands in Turkey, Columbia and Taiwan.

## MILLENNIUM

While some stockpiled Y2K supplies and safeguarded their computers against the "millennium bug," others rang in the new century with fireworks, parties and religious celebrations. While merchandise branding the date 01.01.00 filled stores, millennium countdown clocks were seen everywhere from billboards to post offices.

## DISCOVERY

The Hubble Telescope, Earth's orbiting eye to the heavens, beamed back pictures of new planets and nebulas, while kinks in the NASA Mars Polar Lander mission delayed hopes of discovering more about the mysterious red planet.

## GOODBYE

As we said goodbye to the century, we also said goodbye to some of the world's most beloved celebrities. John F. Kennedy Jr. was killed in a private plane crash while Charles Schulz passed away on the night before his last "Peanuts" comic strip was to be published in Sunday papers around the world. Sports legends Walter Payton, Joe DiMaggio and Tom Landry also left us this year.

Some people's feet never leave the ground  
 Some of us soar.  
 Some people's eyes are on the crowd.  
 Some of us never notice  
 Some people's minds are on the competition.  
 Some of us don't care.  
 Some people put their body into it.  
 Some of us put our heart and soul.
